Fishing report

“I’ve been fishing the Amazon River for over 30 years. The Mutuca River tributary is one of the most incredible experiences I’ve personally had. It’s not uncommon to catch dozens of fish per day, with some giants producing the biggest catches of my career. This is a rugged, no-frills kind of experience for the angler who just wants to fish. I’m excited to bring that to our guests!” - Milton Fielding, Founder
